

**NEWSLETTER OF OMSK STATE PEDAGOGICAL UNIVERSITY.  
HUMANITARIAN RESEARCH**

**2015 № 5 (9)**

**ABSTRACT AND KEY WORDS**

**PHILOSOPHY**

**N.L. Varova, I.S. Kuznetsov**

**"BE" IN PARMENIDES AND AUGUSTINE OF HIPPO'S ONTOLOGIES**

The article compares ontologies of Parmenides and Augustine of Hippo. The similarity of the logics of Parmenides' reasoning about being and Augustine's thought of time is determined. The paradoxical conclusions drawn from their ontological concepts are revealed.

**Keywords:** being, nothing, time, eternity, I, perception, memory, be.

**L.M. Karpova**

**THE PLACE OF PHILOSOPHY IN THE SYSTEM OF EDUCATION**

The article is dedicated to the issue of the role and place of philosophy in the system of education.

The author puts the question about the possibility and necessity of realization of the philosophical discourse in the modern educational process. As a model of such realization in the system of general education the program "Philosophy for Children" is offered. The goal of this program is training common sense reasoning skills with the help of philosophy, and its main methods are Socratic dialogue and discussion. In the system of higher education, philosophy keeps on playing and strengthening its role in training reasoning and analyzing skills with the help of "question-answer" procedures.

**Keywords:** philosophy, educational process, philosophy for children, Socrates's method, "question-answer" procedures, problematic-active approach, cultural-informational approach, critical thinking.

**O.M. Kordas**

**THE ROLE OF THE RITUAL IN ANTHROPOSOCIOGENESIS**

The article discusses the role of the ritual in the development of human nature and birth of culture. It is shown that the ritual is a symbolic form of behavior, artificially enshrining human existence outside of nature. The ritual socializes the biological properties of people and introduces them into the social and cultural reality.

**Keywords:** ritual, anthroposociogenesis, culture, symbolic reality, social order.

**N.G. Krasnoyarova**

**THE FATE OF ESTHESIS IN PHILOSOPHY: FROM ANTIQUITY TO POSTMODERNISM**

The article discusses the type of philosophizing, distinctive feature of which is the aesthetic component of the philosophical discourse or esthesis. There are ontological and epistemological lines of interpretation of esthesis in philosophy, as well as postmodern negative and positive versions of esthesis.

**Keywords:** philosophy, aesthetics, esthesis, aesthetics of thinking, aestheticization, postmodern philosophy.

**L.K. Nefedova**

**UNIVERSAL AND PARTICULAR AS A PRINCIPLE OF INTERPRETATION OF THE CULTURAL CONFLICT: MODERNITY AND THE 19<sup>TH</sup> CENTURY**

The article presents a philosophical understanding of the cultural conflicts through the interpretation of the opposition between universal and particular. The author offers an approach to understanding conflicts of the modern culture through the reference to its representation in European drama, which allows identifying the following principles of interpretation of the cultural conflict: historical, anthropological, aesthetic, and the opposition between the sacral and the profane. The sample of philosophical analysis of the historical chronicle "La Jacquerie" by Prosper Merimee is represented. The meanings of the relationships between the sacral and the profane in terms of history and modernity are revealed.

**Keywords:** culture, conflict, drama, philosophical interpretation of the cultural conflict, the sacral, the profane, representation.

**E.B. Novikova**

#### EVERYDAYNESS AND MYTHIZATION IN JAZZ STANDARDS

The article discusses the specifics of the jazz standard from the point of view of its existence in the context of the opposition "everydayness - mythization". The research is based on the analysis of the musical and poetic texts of such jazz standards as "My Funny Valentine", "Autumn Leaves" and "Lullaby of Birdland". The article reveals the dominance, reduction, diffusion, and other ways of interaction between everydayness and mythization in jazz. Thus, the considered extremes are implemented through the universal senses in all artistic culture and especially jazz. This helps to create a special way of communicating between jazz performers and their audience.

**Keywords:** jazz, standard, everydayness, mythization, opposition.

**D.M. Fedyaev**

#### PHILOSOPHY AGAINST EVIDENCE

Philosophy in its theoretical structures often deviates from generally accepted norms of thinking. There is always something real in the basis of the philosophical constructure, but something that is fixed by the other types of cognition reaches the limit. Thus, the heuristic possibilities and weak sides of the root idea become obvious.

**Keywords:** philosophy, logic, dialectic, existence, differential calculus, literature.

### PHILOLOGY

**S.M. Pometelina**

#### SEMANTIC VARIETIES OF CLAUSES OF THE COMPLEMENT TYPE

The article gives a description of the semantic diffusion action in the sphere of complex sentences of complement type. The analysis of the various kinds of syncretic constructs is offered. The relation between the initial complement semantics and the penetrating temporal one is revealed.

**Keywords:** semantic diffusion, syncretic constructions, complement-time clauses, complement-condition-time clauses, complement-cause-time clauses, complement-condition-cause-time clauses.

**P.V. Sedova**

#### RUSSIAN LANGUAGE AS A MEANS OF PROFESSIONAL COMMUNICATION OF FOREIGN MEDICAL STUDENTS

The article describes the meta-language of medicine as a means of communication of foreign students during educational and professional activities. Becoming a doctor in Russia is impossible without an internship in hospitals, and as most of the Russians don't speak foreign languages well enough, foreign students need to communicate with patients in Russian. There are four main types of verbal communication of medical students: "doctor – patient", "doctor – doctor", "doctor – medical personnel" and "doctor – relatives of the patient". In each of these situations, a

foreign student must choose the correct communicative behavior to achieve the purpose of communication. The article deals with basic language, speech and professional communicative competences which medical students have to possess after completing the complex of specialty language disciplines.

**Keywords:** language for special purposes, meta-language of medicine, professional-focused training in Russian as a Foreign Language, the sphere of communication of foreign medical students.

**N.D. Fedyaeva**

#### NAMES OF THE SIBERIAN CITY THEATRES IN RESPECT OF THE LINGUOCULTURAL ASPECT

The article discusses the names of the Siberian city theatres. According to the form and semantics of the nominations, linguistic and linguocultural comments are given, as well as assumptions about the existence of universal ideas and models of the nominations are made.

**Keywords:** urbanonim, name of the theatre, nomination, Russian language.

**O.V. Shkuran**

#### CHRISTIAN PHRASEOLOGICAL UNIT "STRONG IN SPIRIT": ETYMOLOGY AND MODERN STANDARDIZATION BY THE MASS MEDIA

The Christian phraseological unit "strong in spirit", its original meaning and modern usage are considered in the article. The author suggests that modern mass media, using the phraseological unit without regard to its etymology and semantics, form a wrong idea of the existing concept among native speakers.

**Keywords:** theolinguistics, phraseological unit, etymology, mass media.

**O.I. Chyk**

#### THE INITIATION MOTIF IN THE UKRAINIAN AND GERMAN BILDUNGSROMAN OF THE 2ND HALF OF THE 19<sup>TH</sup> CENTURY

The author analyzes the initiation motif through the materials of the novels by A. Svydnytskyi, I. Nechui-Levytskyi, G. Keller, Th. Fontane and W. Raabe. Special attention is paid to the genre function of the initiation motif in the studied works. The initiation motif organizes the Bildungsroman plot and has a decisive influence on the formation of character of the protagonists that are changed internally during the process of going through this ritual.

**Keywords:** initiation, ritual, rite, motif, Bildungsroman.

## HISTORY

**M.K. Churkin**
